# EASY 1 LINK SERIES

Preconfigured Point-to-Point & Multipoint IP67 Wireless Bridge Kit

Plug-and-Play | Set up in less than 3 minutes

EtherWAN
When Connectivity is Crucial

FEATURES AND BENEFITS

Pole Mounted
0.25"-2.0" OD Pole Supported

Wall Mounted
Adjustable 180° Horiz. & 30° Vert.

Connections Up to 2 Miles

Ethernet Switch

RJ45

Adapter

Power Adapter

WPA2

Each Kit Includes Everything You Need

1. 2 preconfigured EasyLink units, 2 wall power supplies, 2 PoE injectors, & 2 mounting kits

Easy Setup - No User Configuration

2. Simply, mount, power, and align units. Zero configuration required.

Remotely Connect 4k Cameras

3. With connections up to 2 miles a way, effortlessly connect up to 3 4k cameras

Multipoint Options Available

4. The EasyLink MPkit provides up to 6 bridge units to connect multiple remote locations

Diverse Mounting

5. Easily mount on both poles & walls, allowing you remote connections almost anywhere.

High Security

6. Encrypted & authenticated (WPA2) with 256bit AES-CCM military-grade encryption

Easy Alignment LED Indicators

7. The LEDs Indicates power, link status, and signal strength

ORDERING INFORMATION

EasyLink-300-US

2 paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 3 x 24VDC, 1.5A Power Supplies, 3 x Passive PoE Injectors and 3 x Mounting kits.

EasyLink-300-US-MP-02

2 paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 3 x 24VDC, 1.5A Power Supplies, 3 x Passive PoE Injectors and 3 x Mounting kits.

EasyLink-300-US-MP-04

4 paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 5 x 24VDC, 1.5A Power Supplies, 5 x Passive PoE Injectors and 5 x Mounting kits.
EasyLink-300-US-MP-06

6 paired Wireless Bridge Clients and 1 Wireless Bridge Base unit, 7 x 24VDC, 1.5A Power Supplies, 7 x Passive PoE Injectors and 7 x Mounting kits.

Hardened passive to active PoE Adapater

EPOW Series
Hardened passive to active PoE Adapater

Shielded Ethernet Cable
CAT6 Shielded Outdoor Cable up to 300ft

J-Pole
18-inch Universal Antenna Mount

About EtherWAN

EtherWAN is a leader in useful and easy to configure networking solutions. Our products are built to support the long-term health of your network and come in a wide variety of form factors. Designed to operate in a number of environmental conditions, they provide the right networking solution for urban infrastructure communication applications.

Founded in 1996 by NASA engineers, EtherWAN provides Ethernet connectivity solutions for Urban Infrastructure with a core focus on reliability in extreme environments. In-house product design, engineering, and manufacturing are structured to provide quality for crucial connectivity applications.

Tech Support
US-based tech support provides guidance throughout the project life-cycle. Get support onsite or over the phone.

Quality
To ensure high performance, our products undergo rigorous 100% burn-in testing in extreme temperatures (175°F+) under a heavy data load.

Training for Real-World Applications
Our industry- specific network and product-focused courses are offered online and in-person for easy accessibility.

Purpose-Built Products
Products are designed, tested and manufactured in-house to ensure the highest quality solutions for specific applications.

Customer Experience Lab
Train employees and make educated buying decisions with hands-on access to mock traffic intersections, TMC, a variety of IP cameras, and more.

Cost Savings
Reduce installation time and costs through flexible network solutions, whether installing new cabling or utilizing existing systems.

Contact us for more information on how we can help you design your network.
