

KR-BKZDIN

Z-Shape Cabinet Brackets

Overview

KR-BKZDIN brackets offer the installation of EX78900/EX78900E/EX78000/EX73900/EX73900E inside rack or cabinets virtually anywhere with open space. Vertical and horizontal configurations allow device installation in unique spaces. Din-rail configurations for KR-BKZDIN gives brackets the ability to attach even more devices.

EtherWAN — "When Connectivity is Crucial."

Application

Most cabinets do not utilize the empty spaces in the back.

Our brackets allow for the installation of non-rack mount switches.

Devices can be attached directly to the bracket.

Din Rail configuration allows Din Rail devices to be mounted, which frees up more space for more devices.
